**Vitasoy Recognised as Corporate Knights' Global 100 Most Sustainable Corporation
in the World for the 7th Consecutive Year**

HKSAR, China, 21 January 2026 – Vitasoy International Holdings Limited (“Vitasoy” or the “Company”, SEHK Code: 00345) is pleased to announce that it has been featured in Corporate Knights' ranking of the Global 100 Most Sustainable Corporations in the World for the seventh consecutive year. This year, Vitasoy ranked among the top five companies in the food and beverage manufacturing group, and the food products industry.

Over the years, Vitasoy has been rolling out sustainability-focused initiatives which are aligned with its purpose, to craft tasty, nutritious plant-based products that care for both your well-being and the world we live in. Vitasoy has integrated Nutrition, Taste, and Sustainability into all aspects of its operations, and is committed to its Sustainability Framework of “Making the Right Products” and “Making Products the Right Way”.

Mr. Roberto Guidetti, Group Chief Executive Officer of Vitasoy, said, “We are truly honoured to be recognised once again by Corporate Knights. The acknowledgements over the years reaffirm our commitment to driving sustainable development and making meaningful contributions to the communities we serve. In FY2024/25, we announced a new set of Sustainability Framework goals for FY2030/31 to further drive our ongoing progress towards fostering a sustainable environment. By continuously innovating our plant-based product portfolio and operational practices, we remain dedicated to provide tasty, nutritious products and do so sustainably.”

The Global 100 Most Sustainable Corporations in the World ranking is an annual index compiled by Corporate Knights, a leading sustainable-economy media and research B Corporation established in 2002. The ranking represents business sustainability in the current socio-economic context, based on a rigorous assessment of public companies worldwide with revenue exceeding US\$1 billion. This year, Corporate Knights introduced a revised scoring framework focused on Sustainable Economy Intelligence metrics, evaluating companies on three equally weighted key performance indicators: Sustainable Revenue Score, Sustainable Investment Score, and Sustainable Revenue Momentum Score.
